Grooming Taster Day £100

This is a day in the salon to give an insight into the dog grooming world and all that entails, enabling you to see whether grooming is the career for you. You will receive an information pack about the courses and grooming in general. If you should go through to book the full professional career course, the fee for the taster day will be deducted from the course fee.

Beginners/Assistants Course - 5 Day Course

£750

This course is structured to give knowledge on preparing dogs for bathing and for a groomer to finish styling. You will also be trained on how to use and maintain equipment along with preparation for bathing and pre-cutting, plus de-matting as well as safe and correct drying procedures. We also include how to clean and pluck dogs ears, trimming of nails, checking and expressing anal glands. You will also be taught how to recognise and treat parasites, check for skin conditions and how to deal with them in the salon.

Basic anatomy is also included in the course.

Progressive/Styling Course - 10 Day Course

£ 1,300

This is a follow on course from the Beginners/Assistants course and structured to teach all grooming finishing techniques up to a very high standard.

You will be educated in selecting and using the correct use of equipment for different breeds of dogs.

Professional Career Course - 15 Day Course

£1,900

This is an intensive, full hands on course from the moment you enter the training room and salon. Included is everything from the other courses, but beyond this you will gain experience in client relation, running a salon, setting up your own business, including location, insurance, purchasing equipment & supplies and advertising. You will get to work on many different breeds of dogs which will vary in size and temperament.
